

Jack and the Beanstalk Lever

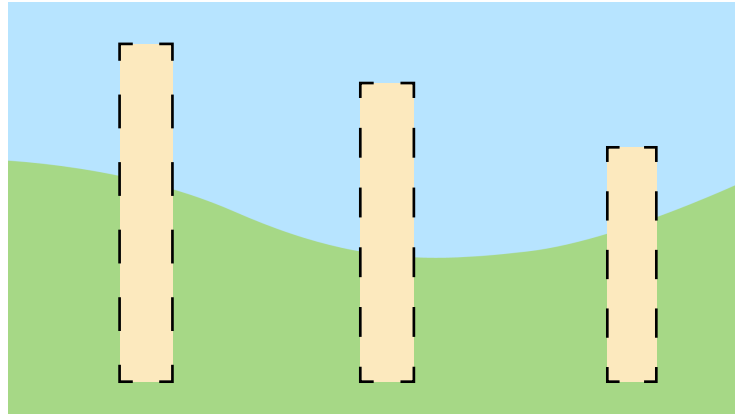

Jack and the Beanstalk cut out figures to be used with the Jack and the Beanstalk Lever Activity Sheet.

Jack and the Beanstalk Lever Instructions

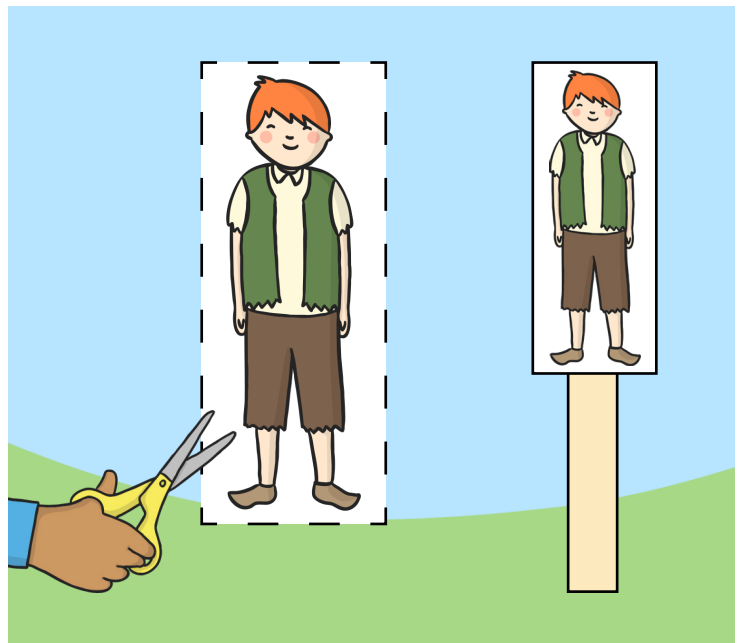

Step 1

Decide how long you want your lever to be.

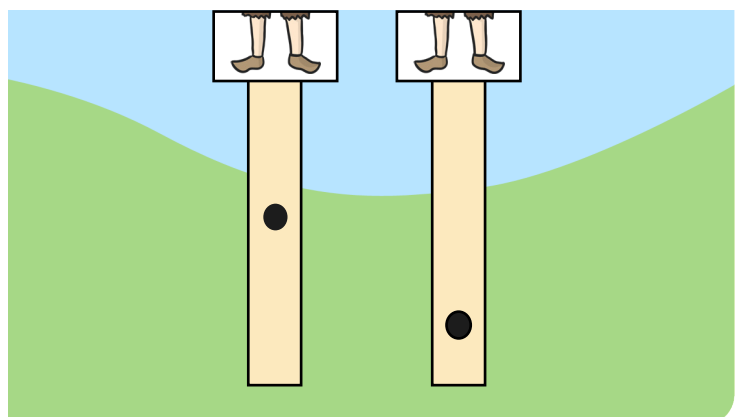

Step 2

Cut out the picture of Jack and stick it onto the end of the lever.

Step 3

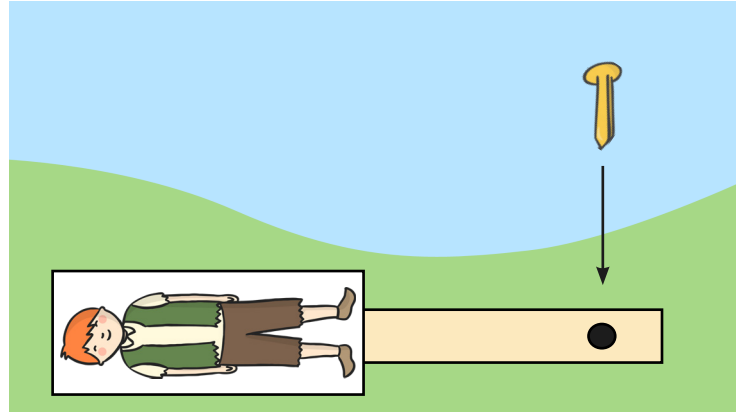

Decide where you want to place your pivot.

Jack and the Beanstalk Lever Instructions

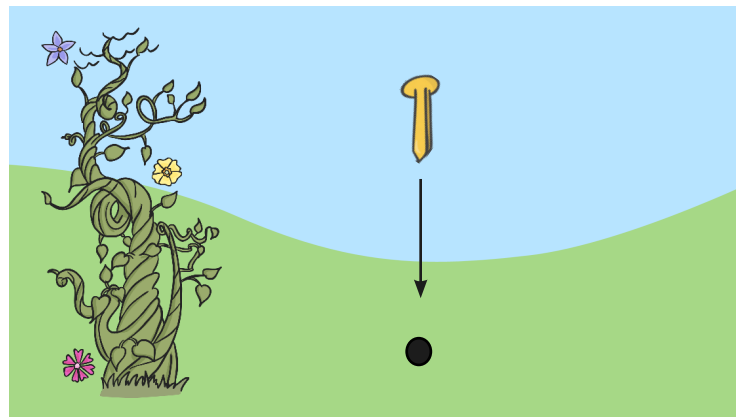

Step 4

Place sticky tack behind the place you want to make a hole. Make a hole in the lever.

Step 5

Place sticky tack behind the place you want to make a hole. Make a hole in the background.

Step 6

To assemble, push the split pin through the lever and background and open up the ends at the back.

Check that the lever works; you might need to move the pivot.
